This year will feature an exciting array of speakers and current topics. The conference is attended by managers, practitioners and prospective graduates. The conference committee has created "dual tracts" for both Respiratory Therapist's and Polysomnography Technologists and each can earn up to 16 CRCE's. Three of the 16 Respiratory CRCE's are ethics based talks. These talks are denoted with **\*\* (E)** after the topic name.

The program committee is confident that you will be extremely satisfied with Conference by the Sea 2009!
